THE MAIN ACOUSTIC EVENT OF THE YEAR ONLINE

In line with the challenges of the time,
the XII International Acoustic Engineering Forum
will be held online first-ever.

What is this event

Acoustic Engineering Forum is the unique global event of soundproofing, vibration insulation and also architectural acoustics spheres in Russia. The Forum has been held since 2010.

Who is this conference for

The content is designed for construction and architecture multi-discipline experts, for which the topic of sound and vibration insulation, as well as room acoustics is within professional interest.

OVER 300 LEAD QUALIFICATION SPECIALISTS FROM 20 COUNTRIES VISITED THE ACOUSTICAL FORUM DURING 12 YEARS.

The organiser of this event is traditionally Russian company Acoustic Group celebrated its 20th anniversary in 2019.

Topics of the forum reports

The leaders of building materials market in Russia: results of 2020 year and future prognosis

Acoustic Group new production: the system of soundproofing Soundline-dBX

Voluntary certification system "Building acoustics"

Noise barriers: opportunities and reality

Sports facilities acoustics: Dynamo volleyball arena

Optimal solutions for protection of buildings from rail transport vibration

Burglar-proof drywall partitions: how it looks and works

Singularity of acoustic design in Russia and Europe

Speakers

Alexander Boganik

PhD in Engineering sciences,
Technical director of Acoustic Group

Igor Livshits

PhD in Engineering sciences,
CEO of Acoustic Group

Anatoly Livshits

PhD in Engineering sciences,
President of Acoustic Group

Alexey Zimin

Head of the Central Department for Marketing and Sales of KNAUF

Antoine Peyrude

CEO of Saint-Gobain Russia, Ukraine and CIS countries

Jens Thierfelder

CEO of URSA Eurasia

Anna Gurkina

Head of the purchasing department "Roofing, Insulation and Basic Materials" of STD "Petrovich"

Sergey Plotnikov

Sales Director of Construction Insulation of PAROC

Andrey Larcev

Operational Director of the segment "Bitumen membranes and granules" Group of companies "TECHNONICOL"

Jürgen Rainalter

Managing Director of
Getzner Werkstoffe GMBH

Igor Shubin

Director of NIISF, Honored Builder of the Russian Federation, Corresponding Member of RAASN, Doctor of Technical Sciences, Associate Professor

Koen Van Cauwelaert

COO Belgium, Luxembourg, France, Swiss, Special projects, ASONA

Andrey Lapshin

PhD in Engineering sciences,
Rector NNGASU

Dmitry Monich

PhD in Engineering sciences, Head of Scientific Research Department, Professor of the Chair of Architecture

Dmitry Shchegolev

PhD in Engineering sciences,
Vice-Rector for Academic Affairs,
Professor of the Chair of Architecture,
NNGASU

Nikolay Kanev

PhD of Physico-mathematical Sciences, Chief Project Engineer, Acoustic Group

Natalia Shirgina

PhD in Engineering sciences,
Chief Project Engineer,
Acoustic Group

Alexander Fadeev

Chief Project Engineer,
Acoustic Group

Evgeniy Fridlib

Head of the project office Acoustic Group-UA
